#### **Taps**

MULTIFUNCTIONAL TAPS all-in-one home \[ \sum\_{\subset \text{g}} \] solution that allows you to easily choose filtered, \[ \sum\_{\text{g}} \] sparkling, chilled and instant boiling water

FILTERED WATER No need to buy bottled water and you can do your bit for the environment.

TAP WILL WORK WITH LOW PRESSURE SYSTEMS Delivering at least 4 litres per minute of hot water at 0.3 bar pressur.

#### Gas Hobs

**DUAL TRIPLE CROWN** Thanks to the two concentric crowns, it is possible to select various degrees of flame intensity in accordance with cooking requirements.

INTEGRATED ELECTRONIC IGNITION Gas ignition device integrated into the knob. Enables gas to be lit with no need for additional flames.

CAST IRON GRILLES Solid and non-deformable cast iron grilles ensure a stable, robust support surface, as well as lending the hob an elegant, professional

**DUAL CROWN** The flame is distributed across the two crowns, for rapid, even cooking.

**SAFETY VALVE** An essential device that cuts off the gas flow in the event that the flame is accidentally extinguished.

appearance. KNOBS Available in various finishes, the worktop knobs can be matched to the ovens, for a perfectly coordinated look.

CAST IRON GRILLES Solid and non-deformable cast iron grilles ensure a stable, robust support surface, as well as lending the hob an elegant, professional appearance

LOWERED COOKING SURFACE The cooker top and burners are recessed into the kitchen worktop, for the flattest possible surface. Optional

#### Induction hobs

BRIDGE This function enables you to use two induction zones separately or link them together when you're cooking for a crowd. For example you can create an internal 'bridge' that joins the front left cooking zone to the rear left zone,

KEEP WARM This function keeps food hot after cooking so it can be served at the perfect temperature, and enables liquids to evaporate

MELTING This function brings food to an ideal melting temperature without risk of burning.

**FLEXI ZONE** This function enables two cooking zones to be combined form 1 large cooking zone and used at the same level of power.

**BOILING** This function brings water to the boil and keeps it at this temperature with less energy consumption.

·IIII)·

GRILLING Designed for grilling food according to thickness. When the ideal temperature for adding the food is reached, the hob emits an acoustic signal. The hob then stabilises the desired temperature, keeping it constant.

COOKASSIST/ SPECIAL FUNCTIONS With this function, the pre-set cooking modes can be activated, enabling the ideal power level to be selected, for perfect results every time.

SIMMERING This function maintains a low temperature, enabling food to be cooked for long periods with no risk of burning. Ideal for long

MOKA A function designed for use with a moka coffee pot.

cooking times.

PAN FRYING Function for preheating an empty pan, or a pan containing seasoning.

#### **Ovens**

STATIC COOKING For cooking any type of dish on a single shelf. It is preferable to use the shelf on the second level. BOTTOM COOKING For browning the bottom of your dishes. This function is also recommended for slow cooking, for finishing stews and for making thick, concentrated sauces.

**COOKASSIST** This function enables all food types to cooked fully automatically. **AUTO BREAD** This function automatically selects the best baking method and ideal temperature for all bread types.

STEAM COOKING This function enables food to be cooked exclusively using steam - for preparing tasty, healthy dishes. THERMOVENTILATED COOKING + STEAM This function enables combined steam cooking, for dishes that are golden and crispy on the outside and soft on the inside.

VENTILATED COOKING For baking cakes and desserts with a liquid filling on a single shelf. This function can also be used for cooking on two shelves. Invert the position of the dishes you are cooking, for more even results.

**BREAD** For baking breads of different types and sizes. It is preferable to use the shelf on the second level

MULTICOOKING This function allows up to 4 different dishes to be cooked at the same time without mixing flavours.

ECO THERMOVENTILATED COOKING For cooking roasts with stuffing and cuts of meat on a single shelf. This function intermittently activates the fan at a low speed, preventing food from drying out. With this ECO function, the light remains off during cooking.

**AUTO DESSERT** This function automatically selects the best baking temperature and mode for any type of dessert (biscuits, sponge cakes, tarts, etc.).

PIZZA COUNTRY This cooking mode delivers the most heat in the lower part of the oven, whilst simultaneously delivering heat above, imitating the heat distribution of a wood-fired

THERMOVENTILATED COOKING For simultaneously cooking different foods which need the same cooking temperature on several shelves (max. three). This function enables dishes to be cooked at the same time without the flavours or odours leaching from one food to another.

**DEFROSTING** To speed up food defrosting.

**PROVING** For optimal leavening of sweet or savoury doughs and mixtures.

QUICK COOKING The most powerful function. It can be used ahead of any type of cooking in order to rapidly reach the selected temperature, before proceeding with the desired cooking function.

GRILL For grilling chops, skewers and sausages, cooking vegetables au gratin or giving bread a golden crust When grilling meat, it is advisable to use a drip pan to collect the cooking juices:place it one level below the grill and add 200 ml of water.

PREHEATING For rapidly preheating the oven.

TOP COOKING (for gas ovens)
This function can be used for putting the
"finishing touches" on cooking. Also ideal for
baking and browning.

TURBO GRILL For roasting large pieces of meat (leg joints, roast beef, whole chickens). It is advisable to use a drip pan to collect the cooking juices: place it one level below the grill and add 500 ml of water.

PYROLYTIC CLEANING Eliminates cooking residues by means of a very high temperature

**BOTTOM COOKING** (for gas ovens).

8

MAXI COOKING For cooking particularly large cuts of meat (over 2.5 kg).

PIZZA This function automatically selects the best baking temperature and mode for any type of pizza.

STEAM CLEANING The action of the steam that is released during this special low-temperature cleaning cycle enables dirt and food residues to be removed with ease. Pour 200 m lof drinking water into the bottom of the oven and activate the function for 35 minutes at 90°C. Activate the function when the oven is cold, and leave to cool for 15 minutes at the end.

GRILL WITH SPIT ROAST For immediate browning of the surface of food, ensuring it remains tender inside.

**SPIT ROAST** (for gas ovens) The ideal function for rotisserie cooking (whole).

#### Microwave

food or beverages.

MICROWAVE For fast cooking and heating of food or beverages.

**COMBINATON GRILL** Cook and grill food quickly by combining the microwave and grill.

TURBO GRILL For perfect results, combining the action of a grill and a fan oven.

AUTO THERMOVENTILATED COOKING For rapid oven cooking and optimal results. Use pans that are oven and microwave safe.

AUTOMATIC DEFROST For rapid defrosting

of different food types - simply select the weight.

MICROWAVE For fast cooking and heating of COMBINED THERMOVENTILATED COOKING For preparing oven-cooked dishes fast.

**COMBINED TURBO GRILL** For cooking and browning food quickly, combining the functions of a microwave, grill and fan oven.

**\***₄

**STEAM COOKING** For steaming food such as vegetables or fish, using the steamer provided.

AUTOMATIC REHEATING For reheating ready-to-eat food, both frozen and at room temperature.

8

GRILL For browning, grilling or cooking dishes au gratin.

PREHEATING For rapidly heating the oven before a cooking cycle.

# Years of **EXPERIENCE**, yet still as curious as children.

At Franke, we have been looking for new solutions and innovations for over 100 years and our attitude still has not changed. In 1911 we combined traditional craftsmanship, precision engineering and a constant pursuit of innovation, three principles that remain at our core.

#### A story forged in Swiss precision

Our story began at the beginning of the last century as a small sheet-metal business in Rorschach, Switzerland, established by Hermann Franke.

Since then, we opened up to the world and inaugurated manufacturing facilities all around the globe that led us to become leaders in the kitchen sinks segment, and home solutions altogether.

## The recipe for a healthier future

We're on a mission to help create a more sustainable planet, one innovation at a time. From designs built with the use of sustainable materials, to efficiency optimization and waste reduction, we act responsibly throughout our business and beyond for positive long-term impact.

#### Taking care of the environment

Our vision is to reach net-zero greenhouse gas (GHG) emissions across our value chain by 2050 from a 2020 base year.

We have established clear goals that support this ambition to contribute to a more sustainable world for our customers, employees, and society.

We developed our near-term and net-zero targets in 2023 in line with the Paris Climate Agreement, and they were validated by the Science Based Targets initiative (SBTi) in February 2024, setting a cornerstone in our sustainability journey.

#### Resources

In 2023, we continued the switch from Styrofoam packaging to cardboard for the Franke range of Fragranite and Tectonite material sinks across Franke's distribution centers around the world.

Franke's total share of renewable packaging was 89.9 percent in 2023.

#### Waste

75% of waste created in 2022 was reused or recycled.

#### **Packaging**

Franke has switched from Styrofoam to cardboard packaging for its range of granite and tectonite sinks.

91% of Franke packaging is made from renewable materials.

#### Creating a proactive safety-first culture

People are at the core of what we do, and their safety needs to be a pre-condition of how we work. This approach is enshrined in our company values and drives our safety and occupational health measures. We view the prevention of physical and mental harm and the promotion of workers' health and wellbeing as a key responsibility in recognition of the fundamental human rights of workers.

We've reduced our scope 1 and 2 emissions for eight years running and our net-zero emissions reduction targets have been validated by the SBTi.

Patrik Wohlhauser, Franke CEO

#### Innovation for sustainable living

Our eco-friendly innovations are designed to empower cleaner living at home and inspire everyday wellbeing.

#### **Taps**

Stainless steel models are made of 100% recyclable steel.

Our multifunctional taps range, including the Mythos Water Hub
and the Vital taps with their dedicated filtration systems, reduce
need for bottled water. The Atlas Neo Sensor reduces water
waste by up to 50%

#### **Sinks**

Franke's sinks ranges are exemplary in terms of usage of sustainable materials such as stainless steel, Fragranite and ceramic that guarantee extraordinary product durability, resistance and long-lasting quality.

#### Hoods

All models are designed to reduce energy consumption and improve energy use with AUTO Functions made to automatically save energy. Class A++ hoods reduce energy consumption up to 85%. Long lasting filters and activated carbon ceramic filters can be regenerated and are designed to further reduce waste compared to standard disposable carbon filters.

#### **Hob extractors**

Our extractor hobs offer maximum energy efficiency.
For example, the extremely powerful Mythos 2gether extractor hob is classed in the best possible energy efficiency rating A+++ thanks to its brushless motor.

#### Ovens and microwaves

With A and A+ energy ratings offering multi functions that enable different foods to be cooked in one cycle, and a steam cleaning function that allows cleaning without the need of using harmful chemicals.

# Experience our new Showroom

Welcome to the Franke's Aarburg Showroom a place of discovery.

It has been key to bring Franke's new positioning to life in the Aarburg showroom concept, as well as in all spaces applying and adapting the new brand styleguide. The new colors from primary to a wide modern secondary colors selection has been applied to the display creating a vibrant, fresh and contemporary design combination.

The highlights are our product families Mythos, Maris and Maris representing in the best way Franke as System Provider. Within the showroom there is also an attention to people and their well-being with open and clear understandable demonstration corners in a delightful natural material surrounding.

Franke's innovations are brought into the showroom with a superior quality look, tone and feel, elevating to the fullest the brand and products experience.

## SOLUTIONS

#### Solutions that work together

Our kitchens are places to live: we cook there, eat there, spend time together there, more often than not all at the same time. We thoroughly observed the movements we make in our kitchens and developed proper home solutions rather than simple appliances.

Our single products all merge together in functional systems aimed to facilitate your life and please your eye thanks to perfectly matching colours, designs and combinations. When everything comes together, it is easier to enjoy every moment.

#### Food preparation areas

Taps, sinks and waste management systems.

Award-winning, smart, eco-friendly taps perfectly completed by elegant, spacious bowls that can be equipped with accessories or other smart tools so you have everything you need, always at hand. Everything in the best, most durable and hygienic materials, for example stainless steel or our exclusive Fragranite.

#### **Hoods**

Wall, ceiling, built-in, island hoods.

Every kitchen has specific needs, so we created a range of hoods able to surprise you with technology, efficiency, lighting and beautiful designs. Discover the available colours, shapes and special technologies from built-in screens to air-purifying systems.

#### **Appliances**

Ovens, microwaves and hobs.

When we design our appliances, we do so with your routines in mind, so that we can offer functional solutions that are easy to use, smart in their features and beautiful to look at.

## Inspir

There is no place like home. And there are no two homes alike.

The way we cherish our own nest is just as unique as we are, each one with different tastes, preferences, and needs. To help you get inspired and create the kitchen environment of your dreams, and enjoy it every day, we developed three different families of products.

#### Mythos

#### A passion for the best

Our most premium range. Technology meets design, while even the smallest details are carefully sought-after. This **family** sets its goal to the highest levels, combining the very essence of functionality with that of beauty.

#### Maris

#### Family in the kitchen

A **family** inspired by families. Cosy and functional, for savouring the heartwarming experience of a **family** get-together.

Maris' philosophy is simple: welcome anyone, anytime with the pride and joy of a homemade dinner.

#### **Smart**

#### Straight to what matters

The simplest things work the best. Essential in its perfection, to jump to what Mattrs the most: bringing joy to your kitchen A **family** created to fulfill any need and preference.

What will your kitchen look like it's up to you, but whatever your way of bringing joy home, you can count on us.

## Show what

#### you're made of!

#### **Fragranite**

An exceptionally tough material, highly resistant to burns, dents, chips and stains. Pioneered by Franke, it's a unique material with a subtle sheen that is warm to the touch thanks to its close to 80% of quartz sand. The surface is finely textured ensuring high hygiene standards.

#### Ceramic

Ceramic sinks have a smooth, impervious surface, which stands up to heat, staining, impacts and resist to all standard household chemicals with ease. Ceramic sinks have been a popular choice for years and create a classic combination with a variety of work surfaces such as wood, glass and granite.

White

#### F-Inox Technology

An exclusive Franke coating able to group water molecules and allowing you to dry your sink without ring stains. Water repellent and scratch-resistant, this futuristic coating also fears no heat up to 100°. A real and long-lasting beauty formula that you can appreciate from our Masterpiece family.

Shiny or Matt; smooth or stone-like, extra-strong or super trendy. Your kitchen can speak volumes about you, so every detail counts. To offer you the chance to create your very own perfect kitchen, our range of materials is designed to please any taste, match any style and resist any endeavor. Discover each material's precision-engineered character and unique benefits to choose the one that suits your needs the best and you like the most.

#### Stainless Steel

Whether you prefer the more reflective qualities of the polished finish or the more subtle look of the silk or brushed finishes, which give a more matt sheen, there is a Stainless Steel solution for you. Any Franke Stainless Steel product is made from premium quality chrome nickel steel, which looks stunning and is highly resistant to staining, rust and corrosion - plus it won't chip, craze, flake, or break. If Stainless Steel is one of the most popular materials in the kitchen, it's for good reason.

#### **PVD** Coating

PVD, standing for 'Physical Vapor Deposition', is a coating technology that makes Stainless Steel tapware even more resistant to abrasions, scratches and corrosion and offers exceptional aesthetic features as well. A tap treated with a PDV coating even resists UV rays and makes fingerprints less visible in a busy kitchen. There are now an array of other stunning finishes to choose from: Industrial Black, Anthracite, Copper and Gold, you really can find something to suit every style of kitchen.

# It's always been in our heritage to meet your **Neds**.

#### Beautiful and made for real-life use. Steel represents our kitchen ideal.

The sheer quality of Franke products can be seen and felt. We use AISI 304 18/10 steel, which is produced in Italy and Europe: a choice that reflects our dedication to quality, one of our core priorities over the 100-plus years of our history.

Strong and robust, it maintains its brilliance over time, making it the defining feature of the living spaces in which it is installed.

Its superb technical features ensure that it is always in demand, and highly appreciated by professionals in the haute cuisine sector: furthermore, stainless steel is an extremely hygienic material, and is easy to clean and recyclable. Aesthetically pleasing and functional to use: stainless steel really represents quality in shining armour.

#### **Customer Care and Technical Assistance**

Our expert team are always on hand to service and repair your boiling water taps, waste disposal units and cooker hoods, both in or out of warranty.

Offering UK-wide coverage, our technicians can visit any location at your convenience; doing whatever is needed to get things up and running again as soon as they can.

What's more, our consumer care team can provide further After Care service, with spare parts available from our Central Services website.

#### **Guaranteed peace of mind**

We're so confident in the quality of our products, that every Franke sink is guaranteed for 50 years, while our waste disposal units are covered for 10 years – more than any other brand.

In addition, all our sinks are fully compliant with BS EN13310 and all our manufacturing processes are ISO9001 certified.

Franke taps are guaranteed for 1 year on the finish (5 years for Stainless Steel taps) and 5 years on valve mechanisms and working parts. The guarantee on filtered and instant boiling water taps is shown on the relevant page.

Franke Appliances & Hoods are guaranteed for 2 years. The guarantee covers the cost of parts and labour in the event of a breakdown, caused by mechanical or electrical failure of the appliance.

# Maris Quiet Bowl

The new size of silence.

Our newest and extra-large stainless-steel Maris Quiet bowl has been designed for you to experience silence and quietness while still going big with your cooking skills and imagination.

This wide single bowl is in fact equipped with our exclusive Quiet Pad System, a double coating pad that reduces noise by 20%. And for you to savour cooking in maximum tranquility, hygiene and safety, the new Maris Quiet comes with an easy-cleaning basket strainer which collects waste.

It dreams big Big bowl version measures 82 cm.

**beautiful**Equipped with our invisible Quiet
Pad anti-noise system to reduce

Silent and

noise up to 20%.

Hygienic and safe Big 7" Waste Kit with basket strainer waste.

flows
Forget about clogging and smells thanks to waste collection.

**Everything** 

# Maris Quiet

**NB:** A Waste Disposal Unit cannot fit this sink due to the size of the waste.

Breaking barriers in kitchen accessibility

Introducing the new Maris MRG 610-60 Care bowl - a testament to Franke's commitment to inclusive design. Engineered with precision and crafted from Franke's signature Fragranite material, the shallow bowl ensures easy reach and convenience for wheelchair users or anyone that prefers to sit while preparing a meal. In addition its built-in top ledge, designed to facilitate the use of the dedicated accessories, allows a more comfortable and ergonomic food preparation experience for all users - where design meets inclusivity.

# Taps

## Mythos Water Hub

We've gone all-in-one
WATER YOUR WAY

### Enjoy all your favourite water experiences in one tap

Sorry, you may need to find new uses for your old ice trays, soda carbonator and kettle thanks to the new Mythos Water Hub, an innovative all-in-one home water solution that allows you to easily choose and instantly access your preferred choice of water including instant boiling, ambient, chilled, and sparkling.

#### For all tastes

With a 6-in-1 design approach, you and your guests have a choice of hot or cold water and four special filtered water functions: instant boiling, chilled, ambient, and sparkling. Water your way is now at a touch of the tap.

### Simplicity under the sink

With its multifunctional system and one box compact solution featuring electronic LED indication for intuitive and easy handling, the new Mythos Water Hub can be easily installed underneath the sink, saving space within the kitchen.

## Stay connected

A dedicated App enables users to set water parameters of different functions, ensuring a personalized water experience and a more harmonious everyday lifestyle. They can set the boiling water temperature, the carbonation level or the quantity of water dispensed in the continuous flow functions. For extra safety, a Child Lock function can be activated to prevent easy access to the special functions on the tap. In addition, the users can check the system status and order required device consumables.

### Healthier home, healthier planet

Due to having filtered and sparkling water readily available, you can reduce the need for plastic bottles in your home by up to 99%. A small switch for a greener future.

## **Consumables**

#### **Pro M Connect Filter**

150.0717.797

It prevents limescale formation in the boiler, removes contaminants and stabilizes good minerals in the water. The integrated RFID technology\* ensures that the Franke device shares a notification when the filter needs to be changed.

\*Radio Frequency Identification

For soft water areas.

#### CO2 Cylinder

Made in steel and pressurized for safe transportation without loss of gas, and featuring easy turn fixation and release system allowing simple access.

#### Disinfection kit

112.0699.241

After using the system for some time, depending on the main water quality, the device as well as the app will suggest a system clean using a specific chemical tablet.

To order please call 01782 599 258 or visit central-servicesuk.co.uk

## A touch of style

The Mythos Water Hub is designed with a stylish stainless-steel spout and electronic control featuring LED lighting for a stunning aesthetic and maximum ease.

Stand-by

Available to activate with a touch.

**Boiling** 

Instant filtered boiling water is ideal for preparing hot drinks, such as tea and coffee, and cooking food, saving time and energy.

**Ambient** 

Instant ambient filtered water ensures each glass is pure, safe and delicious.

**Sparkling** 

Instant filtered sparkling water, for better digestion and healthy alternative to sugar drinks.

Chilled

Instant filtered chilled water frees up fridge and freezer space while shortening the time to prepare refreshments.

## **Sparkling** medium

Instant filtered sparkling water with lighter carbonation for more delicate palates.

Simply push the electronic control to activate, then turn and select the desired water function, following the colours shown and push and hold to start the water flow. Once you have the amount of water you need, just release the control.

Alternatively, after selecting the desired water function, push the control two times for a continuous water flow of 1L for boiling and 0,5L for the other functions, or three times for 2L for boiling and 1L for the other functions. These water flow volumes can be customized at any time via the dedicated Franke App. The water flow will stop automatically according to the selected water function.

# Mythos Electronic

Choose your finish, choose your water

#### Our Water Hub taps just got more exciting!

The Mythos Water Hub, now comes in four NEW additional, contemporary finishes to complement and enhance your kitchen. Why not match one of our stunning new finishes with a Mythos Masterpiece sink to really add striking features and functions to your kitchen?

# Maris

# Water Hub

Instant boiling water is now on tap
WATER YOUR WAY

#### The pleasure of instant boiling water

Why waste time and energy boiling the kettle when you can access boiling water whenever you like? Franke is proud to present the new Maris Water Hub, a compact 3-in-1 home water device that instantly serves boiling water at the touch of a tap so you can focus on what matters at home.

#### Enjoy more kitchen space

Featuring tap, boiler, filter and filter head with a compact design that's easy to install underneath the sink granting you more room above.

#### Bye bye energy waste

Thanks to innovative design and an A energy rating, the Maris Water Hub boils water in a more efficient way compared to a traditional kettle which involves significant energy usage and potential waste.

#### The choice is yours

Choose from a mechanical tap with a 4L boiler or an electronic tap with a 4L or 7L boiler. Both versions available with a 1500L filter for maximum convenience.

Available in Chrome, Decor Steel, Matt Black and **NEW** Copper, Gold and Anthracite colour variations so any Franke product can be matched and you can create a seamless kitchen aesthetic.

#### **Optional Accessories**

#### **Mixing Valve**

#### 112.0728.340 £166

An optional Warm Water Support. Suitable for either cold feed only or hot and cold feed installation for immediate hot water.

#### 4-in-1 Filtration Kit

#### 112.0712.978 £274

Convert your Maris Water Hub into a 4-in-1 home water device featuring an additional stream of filtered water made possible by a hydraulic box that neatly fits underneath the sink.

# Water

Vital Capsule 116

> 120 **Doric**

Tasso 120

# Filtered

# Vital Capsule System

Small filter, bigger benefit.

#### For more information on the Vital Capsule System scan here.

Just what makes the Vital system such a big deal? It's the small but mighty capsule filter.

This unique design is not only the smallest in the world, but also the first to combine activated carbon with a high-tech membrane capable of filtering and purifying water. Adapting to your usage needs and lifestyle, it's available in two variants - High Flow and **High Performance.** 

- Enjoy pure, great tasting water directly from the tap
- Compact over sink design doesn't take up valuable cupboard space
- Removes contaminants while retaining vital minerals
- LED light indicates when the filter needs to be replaced
- Filter is quick and simple to replace

#### Save money and reduce plastic waste

Helping to lessen your environmental impact, the Vital system can help to reduce plastic bottle waste by 99%1 and save families up to £400 per vear<sup>2</sup>.

#### Filter value parameters

Scope: 3.5L/min at 3 bar

Temperature range: 1 - 38°C (34 - 100°F) **Pressure range:** 1.0 - 6.8 bar (14.5 - 100 psi)

Capacity: Up to 500L (132 gal), depending on water quality and pressure

1 Calculation basis: weight of the Vital filter capsule = 33.5g, average weight of a 1 litre PET bottle = 35.0g, 1 Vital filter capsule replaces 500 PET bottles, then  $33.5g\ divided\ by\ 500\times35, 0\ g=0.2\%\ 2Base\ of\ calculation: an\ average\ family\ of\ 4\ consumes\ about\ 3,000\ liters\ of\ water\ per\ year\ at\ the\ average\ price\ of\ before the consumes\ about\ 3,000\ liters\ of\ water\ per\ year\ at\ the\ average\ price\ of\ before\ the\ average\ price\ the\ average\ price\ the\ average\ price\ the\ average\ price\ pr$  $\textbf{£0.20 per liter of mineral water; This results in a cost of \textbf{£600 per year compared to \textbf{£200 for six Vital filter capsules (recommended usage period 1 year)}.$

# FilterFlow Taps

The stylish and superbly engineered FilterFlow range is the blueprint for multi-tasking kitchen taps. Having filtered water at your fingertips means no more cumbersome, expensive bottled water, and naturally, there is the peace of mind of knowing your family's drinking water is clean, refreshing and free of impurities. Franke FilterFlow taps remove a wide range of impurities, including chlorine, organic matter, chemical and pharmaceutical traces, metallics and sediment.

Tap Height 404mm Spout Reach 216mm Base Diameter 56mm Tap cut-out Diameter 35mm Suitable for low pressure No **Perlator Yes** 360° rotation Yes

Chrome 120.0615.447 £550

FilterFlow filter cartridges provide a unique and highly effective two-stage filtration process. The cartridges feature an outer ceramic shell and an inner carbon core. The fine ceramic has the ability to trap even the most microscopic of impurities, down to sub-micron level. The activated carbon core is manufactured from solid carbon rod, and eliminates contaminants such as chlorine and heavy metals, as well as unpleasant odours.

On average, a Franke FilterFlow tap will deliver around 2,500 litres of filtered water before its filter cartridge will need changing. And that couldn't be simpler. It's a 1-2-3 operation and as easy as changing a lightbulb.

# Atlas Neo Sensor

Thanks to our Atlas Neo Sensor you won't need to put dirty hands on your tap anymore, allowing for better hygiene for you and your family and fewer stains on your equipment. This contemporary and high-tech tap saves water and energy too, automatically stopping the water flow after 30 seconds.

#### Nothing more than a simple gesture

Position your hand close to the tap sensor, without the need of pushing any button or pulling any lever and enjoy 30 seconds of a perfect water flow. If you want hotter or colder water just adjust it with the lever.

#### Save the environment and your wallet

Put a pan under the tap, activate and forget about it, the water flow will stop in 30 seconds, saving water and

#### Easy to install, space-saving design

- Hybrid function enabling manual lever for everyday use and sensor activity for hand washing.
- The touchless and manual controls operate independently from each other.
- The sensor screen is easy to keep clean and easy to use.
- The sensor controls the touch free water temperature.
- If unintentionally started and once activated, the water flow stops in less than a second!
- The temperature on the sensor is set upon installation in the control box under the sink.
- Quick and easy plug-in installation: the tap, the control box, and the battery.

# Extractors

# Hob Extractors

Some things belong together

# Meet the range

2 in 1 Hob and Extractor for additional space when preparing ingredients and cooking with dedicated Auto function. Available in eight distinct models each with slightly different Hood features and looks. There is a Franke Hob Extractor for every need and taste at home.

# Mythos 2gether Icon Steel

We complete the Mythos family range with the latest Mythos 2gether Icon Steel model. Featuring a new vertical grill with stainless steel stripes for a premium feel and outstanding design. A+ class with 600 m<sup>3</sup>/h at boost speed.

# **Mythos 2gether Glass**

Its sleek black glass surface exudes elegance, perfectly complemented by a matching grid for seamless beauty. A++ energy class with powerful 620 m<sup>3</sup>/h extractor and two flexible cooking zones make it a statement of both style and substance.

# Mythos 2gether

Boasting a potent 690 m<sup>3</sup>/h extractor featuring a booster function of 700 m<sup>3</sup>/h and A+++ class energy efficiency. Four induction zones, including two flexible zones, offers versatile cooking, all wrapped up in an easy-to-clean design.

# **Maris 2gether Steel**

This Hood model features a vertical stainless steel grill with Franke branded icon, and red touch control Sliders allowing fast and intuitive control for each cooking zone. A+ class with 630 m<sup>3</sup>/h at boost speed.

# **Maris 2gether Minimal Black**

This Hood model features a black grill and serigraphed cooking areas that are hidden for complete minimalism. A+ class with 600 m<sup>3</sup>/h at boost speed.

# Maris 2gether

With a robust 700 m<sup>3</sup>/h extractor, two flexible cooking zones, and nine power levels, it effortlessly combines durability with A++ energy efficiency, ensuring a lasting and efficient kitchen companion.

# **Smart 2gether Black Lines**

This Hood model features 630 m<sup>3</sup>/h at boost speed and A+ class, adding a touch of chic to your culinary space. Choose the Smart family for a harmonious union of style and functionality.

# **Smart 2gether**

Tailored for smaller spaces, this model doesn't compromise on performance, featuring a potent 630 m<sup>3</sup>/h extractor and A++ class energy efficiency. It's the perfect blend of small footprint and big impact in your kitchen.

# Hoods

# Downdraft

The motorised Downdraft hood allows for an unobtrusive, subtle kitchen style. The motor is situated in the cabinet underneath the hob which can be vented externally, or in recirculating mode. The motor can be installed at the front or rear according to the position of the kitchen unit. Compatible with gas, electric and induction hobs.

# Mythos Masterpiece Hood

The art of extraction

Elevate your kitchen ambiance with the Franke Mythos Masterpiece collection, now featuring a new exceptional wall mounted hood. Crafted to captivate with contemporary design and profiles available in three striking finishes: Anthracite, Gold, and Copper.

# **Wall Design**

Noise level (dB)

44

61

67

The Wall Hood is a minimalist's dream, seamlessly blending into modern kitchens with its streamlined design. The innovative handle-free filter, designed for extremely easy handling, perfectly matches the colour and material of the entire  $hood. \, Beyond \, the \, hood's \, striking \, looks, it \, offers \, exceptional \, practicality. \, Thanks \, to \,$ its flexible installation options, it supports both duction and filtering setups and can be paired with a matching chimney for an even more seamless, cohesive look.

# Innovative Lighting

The Wall Hood includes a LED stripe, giving you freedom to choose between task lighting for cooking and soft ambient light for a cozy atmosphere.

# **Sophisticated Connectivity**

Featuring K-Link connectivity, this hood effortlessly synchronize with your Masterpiece hob, delivering perfect ventilation control for an unparalleled cooking experience. Each hood boasts a unique design and offers decorative profiles in three striking finishes: Anthracite, Gold, and Copper.

# AQ Sense Range

The hood every home deserves.

# Keep clean

# the air you breathe

The entire range of our AQ SENSE hoods feature an air quality sensor to constantly monitor VOCs (volatile organic compounds), air temperature and humidity and are designed to activate automatically when unsafe levels are detected. Furthermore, through the Franke@home app, you can receive real-time and constant information on the quality of the air in your kitchen. The same app also allows you to control the hood's functions via any mobile phone or tablet: turn on and off, adjust the suction speed or adapt the light settings to create a perfect environment.

## Air quality sensor

Constantly monitors VOCs (volatile organic compounds), air temperature and humidity

### A hood with a view\*

Enjoy a 21.5" display and browse the web.

### **Auto function**

Save energy: the suction speed will automatically start at the right level for what you are cooking and it will work until the air quality reaches a satisfactory level.

### Multiple timer\*

Keep track of time! And manage more than one timer at a time.

# Voice control\*\* compatible

Control your hood with just your voice! Perfect for when your hands are busy preparing and cooking your favourite dishes.

## Your photos\*

Enjoy your family moments on the wide screen and personalise your hood's background.

### **Touch Display\***

In addition to keeping you constantly informed on air quality, it also allows you to easily control the hood, having its numerous Hood Features at your

### Built-in browser\*

Browse the web to find the best recipes, listen to your favourite music, check on the weather or the news and get access to a world of online content

### Dimmable light\*

Adjust the intensity of the light and temperature to create the perfect ambience.

### Camera\*

Link your Wi-Fi camera and keep everything under control.

AQ Sense Ceiling - see page 212

<sup>\*</sup> Exclusive feature to AQ Sense Monitor FKAS A80 BK

<sup>\*\*</sup>Voice control devices not included

# AQ Sense

# Monitor

The AQ Sense Wall Hood will constantly monitor the air quality within your kitchen and adjust the ventilation to suit. It will measure temperature, humidity and the presence of VOC's (volatile organic compounds which are harmful to health) and adjust accordingly. The AQ Sense Wall Hood also boasts WIFI connectivity and 21" colour touch screen to enable you to watch your favourite videos and recipes via a web browser while you are cooking.

This hood is also app-enabled allowing you to control the settings via your mobile phone, or alternatively use Amazon Alexa!

# Mythos

# Air Hub

The purest air in the universe

An extractor hood and air disinfection system all in one. When you think of clean air in your kitchen you usually think of cooking odours, which our Air Hub range removes quickly and effectively, but you rarely think of other polluting elements. Thanks to two separated air streams and two dedicated UV-C lights, the Air Hub hoods remove 99.99% of viruses and bacteria from your kitchen, leaving the air nice to smell and safe to breathe.

### With our Air Hubs, clean air is served.

### **Energy efficient** and powerful

Thanks to their energy efficiency, our hoods have an eye for the environment, but they do not give up on efficiency, thanks their powerful blowers

### No ozone production

As confirmed by the University of Siena's laboratories\*, our Air Hub removes up to 99.99% of viruses and bacteria thanks to UV-C lighting, with no ozone production and in total safety.

### Air purification function

### MANUAL

Start the purifying of the air. You can switch off manually, or it will automatically switch off after 24 hours

### INTENSIVE

Maximum speed of purifying in the shortest possible time. Switches off automatically.

#### 

Long cycle for complete purification with the minimum level of noise. Automatically switches on each night.

# Mythos Vertical

### Pro

With K-LINK technology

### A breath of fresh air

Franke K-LINK technology seamlessly connects selected Maris and Mythos hobs and hoods for efficient, hands-free kitchen experiences. It also saves energy and reduces unnecessary noise which is created through setting suction at levels that are too high. And after the hob is switched off, the hood continues operating for a short period of time to remove remaining steam and vapour effectively. Maximum convenience with technology activated through a simple gesture.

# Maris Drip Free

No drips, no drama. With K-LINK technology

Franke is proud to present its innovative Drip Free built-in hoods which are all designed to not only remove odours efficiently but also prevent condensation and the formation of water droplets which can drip onto the cooking surface or even food.

### Method to the magic

Drip Free technology combines an increased suction surface along with excellent air flow, and Hood features a special inclined filter to divert condensation drips into a collection tray which can then be easily removed and emptied. The hood's glass visor even extends outwards so edges of cabinets are protected from humidity damage.

Available in the Maris Franke product family.

The ideal storing environment for your wine collection which integrates into the beauty of your own kitchen. The optimal conditions usually exclusively guaranteed by an underground cellar are now akin of those our Mythos Wine Cooler can provide, with the noticeable advantage of offering you the chance to have up to 24 of your favourite bottles always at hand.

### A Wine Cooler like no other

The Mythos Wine Cooler temperature can be set from 4° to 18°, ensuring your wine collection is maintained to perfection. Keeping the characteristics of your wine intact, the Anti-UV glass filters enough light through to ensure optimal preservation. The electronic display allows the temperature to be visable at all times and the LED light perfectly highlights every detail, while the 3 sliding premium oak built-in shelves bring elegance to your wine collection.

### K-LINK Induction Hob

Matt Black for durability and timeless elegance

Experience a connected and long-lasting kitchen with the Mythos K–Link Induction Hob in a stunning matt black finish. The unique matt surface effectively reduces 5 times visibility of scratches compared to standard glass. It not only reduces the appearance of scratches and fingerprints but also allows for more efficient cleaning.

Type: **Electric** 

Technology: Induction Cut out: 747x510mm

Slider Controls: Individual sliders

Digit colour: White Central Controls: N/A

Auto Cook: Keep warm, melting function

Fitting: **Frameless**Flex Zone Areas: **2**Total Power: **7.4kW** 

### **Seamless Connectivity**

Embrace unparalleled convenience thanks to K-Link connectivity, a seamless integration that synchronises your hob with selected Franke hoods, automatically optimising ventilation and freeing you from manual adjustments. Elevate your cooking experience to one of effortless sophistication, craft an elegant, enduring, and intelligent space with the Franke Mythos K-Link Hob in its matt black finish.

### **Durability**

This hob is designed with a unique matt texture that limits the visibility of scratches by five times when compared to standard glass. It not only diminishes the appearance of scratches and fingerprints but also allows for faster cleaning than typical surfaces. It includes five cooking zones, featuring two Flexi zones, all of which are conveniently controlled through dedicated touch sliders with premium white digits.

### 

The art of precision cooking

Discover a new era of kitchen design, with Franke Mythos Masterpiece Hobs. Thoughtfully designed with a sleek, minimalistic look and available in three striking colours: Anthracite, Gold and Copper, perfectly complementing the Mythos Masterpiece collection.

# Elite Slimline Food Waste Disposers

Cook like a chef, grind like a master

Clean up after mealtimes as skillfully as you prepare them thanks to the new Franke Elite Slimline range of food waste disposers. Each is designed to be a daily family assistant, helping to manage food waste easily, reduce risk of germs and odours, and offer a more sustainable approach to everyday kitchen life.

#### A powerful performance

Thanks to innovative Twist Force technology that offers exceptional grinding power, you can expect fast and efficient results without jamming. A hygiene safeguard also fights against the growth of bacteria and unpleasant odours with its antimicrobial protection.

#### **Details that deliver**

Each waste disposer features a high-flow splash guard ensuring the grinding chamber is left clean, Sound Soft Technology for noise reduction, and a strong Magnetic Rim on selected models to attract kitchen utensils and other miscellaneous metal objects.

#### **Elegance under the sink**

Thanks to a 3-Bolt Mounting System that makes it compatible with all Franke sinks and bowls that feature a 3 1/2" waste hole, and an elegant-shelled body which is designed to save maximum space underneath the sink, each Elite Slimline Waste Disposer is a refreshing piece of Franke innovation that is a welcome addition to any kitchen.
