The Majestic Collection

Trend inspired decors, delivered on our **100% Waterproof Core, Hydrocore.**

The Majestic Collection is a distinctively luxurious approach to a sophisticated and effortlessly chic bathroom.

Hydrocore is exclusive to the Majestic Collection and provides a completely waterproof foundation for the collection's striking designs.

Crafted from high-performance polyurethane, Hydrocore resists impact, moisture and mould. Its lightweight design ensures effortless handling, while providing a 100% waterproof platform.

Hydrocore is built on the principles of a circular economy, where materials are continuously reused and never become waste. It is manufactured using pre-consumer polyurethane waste and production offcuts, transforming discarded resources into valuable products.

Trims are not required for the Majestic Collection to achieve a watertight installation, however trims are advised to neatly cover exposed edges.

NEW INSTALLATION KIT

Now included as standard with every acrylic panel, this kit equips your qualified installer with everything required to achieve a flawless, professional finish while improving consistency, minimising errors, and ensuring every panel performs exactly as intended.

Each Kit contains the following:

2 x Alcohol Surface Preparation Wipes - Removes dust and grease to promote optimal adhesive prior to installation.

3 x Showerwall Translucent Silicone Sealant - High-grab, moisture-resistant silicone for full-surface bonding and sealing of joints, corners and perimeter edges. Creates a durable, watertight finish.

12 x Double-sided Adhesive Pads - Provides temporary positioning support and immediate panel hold while silicone cures. Helps ensure accurate alignment and reduced slip.

Beautiful book-matched marble

Book-matched marble in bathrooms introduces a level of opulence and sophistication that transcends conventional design. This exquisite technique involves mirroring two consecutive slabs of marble to create a symmetrical pattern, akin to opening a book. The result is a visually striking and seamless display of natural beauty, with veins and patterns flowing seamlessly across surfaces like art on display.

Note: This design is supplied as a pack of 2 x 1200mm wide panels.

NEXT STEPS | LAMINATE

Three steps to create your waterproof Showerwall system with our Laminate product.

1 | DECOR

Select a decor from our exclusive range.

2 | PANEL DETAILS

Select the size, edge finish and number of panels required.

3 | WATERPROOF SYSTEM

Select the co-ordinating accessories required for your choice of coreboard.

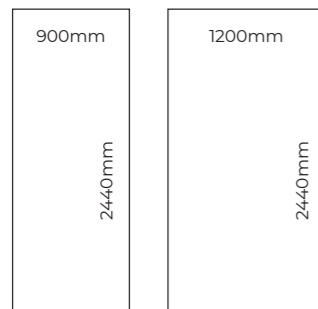

1 | DECOR

Select your decor from our 5 collections; *Majestic / Arcade / Tile / Impression / Original*.

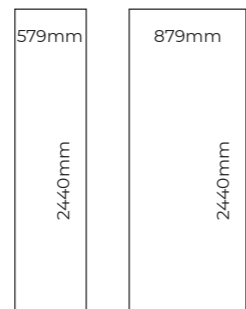

2 | PANEL DETAILS

Choose from Square Edge panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims. Please note that Arcade & Tile panels are only available as 600mm wide Proclick.

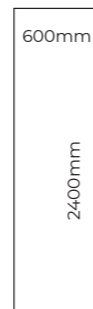

Square Edge Panels

Proclick Panels

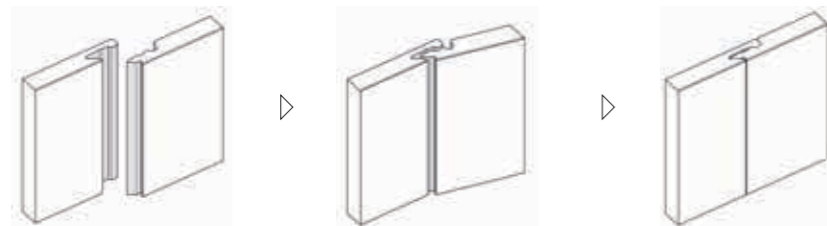

Proclick Arcade & Tile Panels

Majestic, Impression and Original panels are 10.5mm thick, and Arcade & Tile panels are 10.2mm thick.

Decors from the Majestic collection come as standard on our 100% waterproof coreboard, Hydrocore. The Impression and Original collections are available with either a Plywood or Exterior Grade MDF core, giving you the choice that best fits your project. The Arcade & Tile collection panels are manufactured with a Plywood core as standard. All Showerwall laminate decors are in stock and available with no minimum order quantity.

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims. Due to a slight difference in thickness, Proclick Panels are not compatible with Proclick Arcade and Tile Panels when being installed side by side.

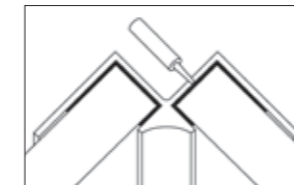

3 | WATERPROOF SYSTEM

Our two-part system ensures a watertight seal and comes in a range of colours to match any décor. It's easy to install and maintain, and are not required for the Majestic Collection, which is 100% waterproof by design.

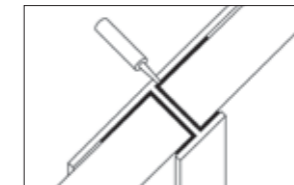

TRIMS

To ensure a watertight finish, trims **must** be used on all outer edges and corners of panels from the Original, Impression, Arcade and Tile Collections. Panels from the Majestic Collection do not require trims for waterproofing, but optional finishing trims are available to neatly cover exposed edges and complete the look.

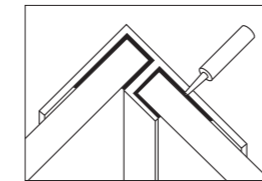

Five trims are available dependant on where you would like to fit our panels. Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

SURESEAL

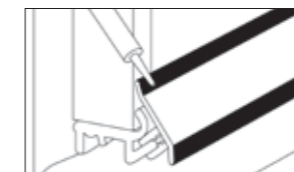

At the base of the Showerwall panel, even greater sealing performance is achieved using Sureseal. Fit and forget using the only maintenance-free shower seal on the market with no future resealing required. This four point sealing system is quick and easy to install, leaving the entire base of the panel encapsulated in sealant without any unsightly lines. Sureseal measures 2450mm long.

INSTALLATION

Full installation instructions are provided with every panel and we highly recommend watching the Showerwall installation videos which are accessible via YouTube and www.showerwall.co.uk.

Failure to comply with the Showerwall installation instructions, including the recommended use of Showerwall sealant, adhesive, trims, and Sureseal, where required, will invalidate your guarantee.

Showerwall provide a range of adhesive and sealants which have been selected and tested for use with our products.

CARE AND MAINTENANCE

Showerwall is more hygienic and easier to maintain than tiles. The nonporous surface provides excellent protection against bacteria, especially in the areas between tiles that are traditionally grouted.

Showerwall Anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching and is recommended for the optimum life and performance of your Showerwall panel.

Abrasive cleaners and bleaches must not be used on Showerwall panelling. Sealant needs to be replaced at regular intervals - failure to do so may cause water ingress and subsequent panel damage.

GUARANTEE

When installed correctly using the recommended fitting guide and accessories, Showerwall is guaranteed to be free from defects for 30 years, from the date of purchase. A copy of the Showerwall guarantee is available to download from www.showerwall.co.uk.

Note your Showerwall panels carry a 30-year guarantee that is limited to domestic use against manufacturing defects, only when registered online at www.showerwall.co.uk. If the purchase of your panels is not registered within 28 days of the installation being completed, then the guarantee is reduced to a 15-year term.

ENVIRONMENTAL RESPONSIBILITY

Showerwall laminate panels are manufactured using coreboard materials that are both recyclable and sustainably sourced.

We're serious about our impact on the planet. That's why we're making changes to leave as little mark as possible. You can find out more by scanning the QR Code.

DISCLAIMER

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall panels must be fitted in accordance with the fitting instructions and must use Showerwall trims, including Sureseal, adhesive and sealants as appropriate, to ensure the system is both waterproof and guaranteed. Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product. Natural stone decors will vary to replicate variances in this type of material, and there will generally be shade variances between individual panels which is not grounds for complaint. All panels, irrelevant of decor type, must be inspected carefully before installation. Any concerns raised must be clarified prior to installation. It is recommended that actual product samples and retailer displays are viewed prior to purchase.

We reserve the right to amend the specification of the products shown without prior notice. E&OE.
